Assalam alaykum,

In 2017, Islamic Relief USA proudly continued its legacy of worldwide humanitarian service. The compassionate aid of our donors as well as the sincere efforts of our staff led to positive impact on millions of lives in over 48 countries, including the United States.

This annual report showcases that impact during 2017, often from a numerical perspective. The numbers included here are powerful — over 8 million total beneficiaries, over $125 million of international and $4 million of domestic aid, and hundreds of unique projects across the globe.

These numbers tell an important success story of Islamic Relief’s commitment to serving those most in need for 25 years.

They also tell the powerful story of women and girls who no longer must walk long distances to obtain water in Africa, and instead attend school or earn a living. They tell the stories of thousands of needy families who enjoyed free, protein-rich meals during the holidays. And they tell the stories of the world’s most vulnerable inhabitants—orphans, widows, refugees, and disaster victims—who received vital support when it was needed most.

Each number in this report is connected to a real life that was positively influenced. As you read, we invite you to join us in appreciating the significance of that impact.

With gratitude,

Sharif Aly
Chief Executive Officer
Islamic Relief USA

A special thank you to our Board of Directors for volunteering their time to help IRUSA achieve its vision of a world free of poverty.
